**“The office of Register of Probate is one of administrative, non-political duties and is best filled by someone already in possession of those skills, and that’s Anastasia Welsh Perrino.”**

“We urge you to vote for Anastasia Welsh Perrino . . . She has the empathy and life experience to best fill [the] position . . . Mr. Turkington will retire after election day with a handsome pension from the state. His election as Register for one term would do nothing except double his pension and deny Cape Cod an experienced, probate professional.”
